

PRESS RELEASE

24 January 2000

THE CENTRAL BANK OF THE REPUBLIC OF TURKEY HAS STARTED ELECTRONIC SUBSCRIPTION SYSTEM FOR ITS PUBLICATIONS!

The Central Bank of the Republic of Turkey has offered to all domestic and foreign users an electronic subscription system for its publications starting from January 24, 2000. This system aims, on one hand, to enable users to follow all recent publications of the Central Bank through its web page, and, on the other hand, to help institutional investors to be informed timely and directly by the Central Bank about recent developments on Turkish economy.

Users are requested to fill out the "[Subscription Form](#)" presented at the Central Bank's web page "<http://www.tcmb.gov.tr>" for being a subscriber. Then, they will receive a confirmation from the Central Bank for their subscription. All publications which were marked by the subscribers on the subscription form will be sent to subscribers' e-mail addresses as soon as they have been updated, starting at 08:00 p.m. in the same day. It would be enough for any subscriber to re-send a new subscription form whenever he/she would like to change his/her preference for the publications to be subscribed.
