

Press Release on Reduction of External Liabilities

24 July 2024

No: 2024-40

The Central Bank of the Republic of Türkiye is reviewing its international deposit transactions to reduce external liabilities as part of reserve management.

Accordingly, the deposit transaction of USD 5 billion carried out with the Saudi Fund for Development in 2023 has been terminated by mutual agreement.

Our external liabilities have recently improved by approximately USD 7 billion through the reduction of deposit balances.
